PREFACE

Education will inevitably play a key role in the human development. It can be used to enhance the quality of people life. Although education is an important factor for the national development, some countries around the world still face education problems such as education quality, education access, and education relevance, especially during the COVID-19 pandemic. The International Webinar Series – Educational Revolution in Post Covid Era is principally designed to support educators who are now in the frontline of education sectors during the pandemic.

International Webinar Series – Educational Revolution in Post Covid Era "Teaching and Evaluation for Children in Covid Era" held in 4 sessions, with 12 keynote speakers on 8th, 11th, 14th, and 17th of July 2020. For all of the sessions, 709 participants have been registered into the webinar. This webinar is organized by Department of Early Childhood and Primary Education, Faculty of Education, Universitas Negeri Malang. We are pleased that we have successfully invited 12 speakers from 7 countries, including Indonesia, Malaysia, China, Italia, Jordan, Palestine, and Nigeria.

We would like to thank all members that participated in any way in the International Webinar Series – Educational Revolution in Post Covid Era "Teaching and Evaluation for Children in Covid Era". We would also appreciate the authors for the outstanding contributions to this valuable volume. Hopefully, this conference can contribute to improving the quality of education in Indonesia in particular and global education in general.

On behalf of the Organizing Committee,
Dean of Faculty of Education, Universiats Negeri Malang
Prof. Dr. Bambang Budi Wiyono, M.Pd
